# Shutting Down

Unfortunately Fundry is shutting down and we have suspended creation of all new user accounts, projects, pledges and donations.

Please refer to our **blog post** for more information.

## User Bio

I am a software developer interested in java, javaEE, rich clients and maven.

There are 2 projects on sourceforge where i am a admin:

- http://sourceforge.net/projects/sf-mvn-plugins/
- http://sourceforge.net/projects/devtool

The currently active project is sf-mvn-plugins. The devtool project is stopped and will be reactivated in the future.

- You can reading my tweets at: http://twitter.com/FunThomasSFnet or without spam read my list: http://twitter.com/FunThomasSFnet/figures
- You can read my blog at: http://funthomas424242.wordpress.com/
- My bibliography (favorite links, abstracts for articles i have read) you can read at: http://www.bibsonomy.org/user/FunThomas424242

# About

Fundry is a crowdfunding platform that helps developers get paid for developing new features, and enables your community to pledge to get the features they want. Win win.

Sign up and add your projects or fund others.
